Dear Friend,

Thank you for considering the adoption option at The Coastal Humane Society! We know that you could choose to obtain your new best friend from many sources. But by choosing to adopt at CHS, you are not only offering a better life to your new companion animal, you are also helping us improve the lives of the many animals that come under our care each year.

We want you to know that the Coastal Humane Society

CARES

- 7 days a week 365 days a year for 2000 +/- stray, abandoned, abused, and owner-surrendered animals each year
- evaluates, tests, worms, vaccinates, treats for fleas and ticks, grooms, bathes, socializes, and trains all its animals
- does not euthanize for lack of space, time limit or treatable illness or injury
- spays or neuters all animals of sufficient age prior to adoption
- found responsible, loving homes for over 445 dogs, 634 cats, and 92 "others" (rabbits, ferrets, guinea pigs, birds, etc.) in 2005

OFFERS

- humane education and outreach programs to area schools and community organizations
- safe housing and crisis care for animals whose owners are dealing with hospitalization, homelessness, or domestic violence
- a community service venue for individuals referred by courts and schools
- low-cost rabies clinics
- assistance addressing animal abuse

RECEIVES

- no federal, state, or local funds (except from fee-for-service animal control contracts with area towns). CHS spends on average over \$300 on each animal cared for and our suggested adoption donations do not begin to cover these expenses. We and all our animals rely on your support to continue doing what we're doing! Please be as generous as you can when making your adoption donation. **Thank you!**
